

Free Sound and Sleep Apps

With countless apps and little direction, it can be hard to figure out which sound and sleep apps might help with tinnitus and/or getting a good night's sleep. Below, you'll find the top picks of apps compiled by an audiologist with tinnitus. The list of free sound and sleep apps reflects her personal favorites, as well as apps suggested by her patients. The apps are available through Apple's App Store and under Google Play's App section. If you have a favorite app not listed, please let us know about it by emailing: editor@ata.org
